# JACK NICKLAUS APPAREL

*IT'S A NEW GAME*

---

Jack Nicklaus, nicknamed *The Golden Bear*, is widely regarded as the most accomplished professional golfer of all time. Jack's competitive career has spanned five decades. His legend has been built with 118 professional tournament victories worldwide and a record 18 professional major-championship titles (six Masters, five PGA Championships, four U.S. Opens, three British Opens). For a record six consecutive years (2004-2009), Golf Inc. magazine ranked Jack "The Most Powerful Person in Golf," due to his impact on various aspects of the industry through his course design work, marketing and licensing business, his ambassadorial role in promoting and growing the game worldwide, and his involvement on a national and global level with various charitable causes.

No name is more synonymous with greatness in the sport of golf than the name Jack Nicklaus, and no single person has changed the face of the sport more than Jack himself - the player, the designer, the philanthropist, and the good-will ambassador.

With that being said, the Jack Nicklaus Corporate Apparel Collection for 2013 embodies everything that's synonymous with Jack Nicklaus and Nicklaus Design. The Collection illustrates striking new designs, superior quality, and classic placement of the Golden Bear icon. The line offers the perfect mix of style, comfort, and performance. The wide selection appeals to both men's and women's lifestyles, and offers luxury styling for a variety of ages and personal taste preferences.

The specially designed Performance 18® and Coolplus® fabric incorporates moisture management technology, comfort, and protection. The woven shirts are comprised of fine, non-iron cotton, and exquisite tailoring. The outerwear styles have been designed and produced to deliver the highest standards of form, function, and fit.

# WE WEAR THE BEAR

Greatness - we rarely see it. But when we do it is instantly recognizable. Such is the case with the Jack Nicklaus Golden Bear icon; brought back as the focal point for the 2013 collection and beyond. The Golden Bear...the new gold standard in golf fashion.

**Jack Fact:**

For most, if not all of his professional career, Jack played with three pennies in his pocket during his round. Why three? He carried one penny to mark his ball, another if he lost a penny and an extra in case a playing partner needed one.
